Inform Your Neighbors

Barack Obama was born in Kenya and not in Hawaii as he claims.

He is a liar and he may be an illegal president.

The American People need to be informed.

Congress needs to investigate this serious matter which could impact our national security.

- Please go to the website: <http://www.WasObamaBornInKenya.com>
- Download and print five (5) copies of Obama's Kenyan Birth Certificate like the one attached.
- Download and print five (5) copies of this cover sheet.
- Staple together the two documents to form a flyer.
- Place each your flyers where it will be accessible* to a member of the general public.

Thanks!

Your concerned American neighbor

* Some suggested areas for placement of the flyers include: (1) beneath the wiper blades of vehicles, (2) on seats in public waiting areas, and (3) on public bulletin boards.
